

Fire Devil Sticks

Our patented tapered wood fire devil stick, covered with silver flame resistant foil tape. Non-asbestos wicks are screw-mounted to aluminum tubing and wood. Each tube is manufactured for us in one integral piece with a closed end for maximum protection against fuel and fire (see photo with torches). Silicone rubber coated handsticks for higher traction and heat resistance. One pair of black handsticks and instruction sheet included with each set. Solid maple construction for optimum durability. Heavy duty dense foam rubber ends for increased durability and noise reduction. Special tenons on each end of stick lock into each foam end and are attached with our custom designed washer/screw assembly. Handsticks are rubberized for high traction and easy manipulation. Your choice of silicone (in two colors: Black or White) or natural latex handsticks. Black silicone is included unless otherwise specified. All handsticks are 20 inches in length. Please Note: Each devil stick set includes one pair of handsticks and an instruction sheet. Length: 66.7 cm (26.25 in.). Average Weight: 312 gm (11 ounces).
