It's packed with incredible training and value." "A rare piece of magic, don't let it FLY by you". Jeff McBride. "The most intimate version money can buy. Feels like real magic". R. JB Magic Next Massive HIT Item

Looking for that PERFECT Closer for your Ambitious Card routine? Don't look further: This is the ULTIMATE Ending- An ending that makes sense!

WITH Step by Step DVD The PERFECT ending for the Ambitious card. What exactly is OutCased?

You can say that OutCased is the Ambitious Card routine done INSIDE the card box!

After your ambitious card routine, the signed selection is (again) lost in the middle of the deck. Then the cards are placed back inside the card case. A rubber band is wrapped around the case width wise. You state that the signed card will jump back to the top of the deck only, INSIDE the card case, with just a shake.

So you shake the card case again, only to find that this time the spectator's selection became SO ambitious, that the card visually penetrates the card box!!!

The signed card is now on the OUTSIDE of the card case UNDERNEATH the rubber band! The card is removed from underneath the rubber band, and of course the spectator can keep it as souvenir. EASY to Do! NO sleight of Hand Required! PERFECT for Walk-Around! RESETS Instantly! Insanely visual, eye-poppingly magical, Peter Eggink has created a sensational ending for The Ambitious Card!
